Dear Coeus User:

ORIS has installed a simplified Coeus process for preparing Proposals for Master Agreements and Task Orders. Its implementation is strictly under the control and approval of each ORA, because the MA process is so complex.

ORIS is offering several training events for End-Users who might be interested in this process and would like to examine the it more closely. Attached is the latest Guide, dated Feb. 27, 2018 – updates will surely follow. Page two of this Guide lists seminar dates and FastFacts session. There will be NO registration for the seminars. They are in large capacity rooms. Registration will be required for the FastFacts session. Everyone receiving this email will also receive in the near future an Invitation from FastFacts. FastFacts handles all registrations, ORIS does not.
