Greetings,

Coeus users will see a new questionnaire question as of tomorrow, June 15th.

The question is:

-have you performed or do you expect to perform work for the federal government that may provide you or another member of The Johns Hopkins University with an unfair competitive advantage in applying for federal funding or that could appear to bias its judgement?*

If the user answers "yes" to question 1097, another new question will present:

Q1099_Please provide a general explanation regarding the activities as defined in the OCI policy.
