Greetings.

You are receiving this message because you have an active Coeus user account.

ORIS has been tasked with writing an RFP to garner vendor responses towards replacing Coeus here at JHU. In that effort, we've been in communication with focus groups from both department and research administration personnel and now want to broaden the opportunity for comment to our wider user community.

To that end, ORIS has scheduled 4 webinar meetings, during which ORIS personnel will walk through Coeus PD preparation and review processes, in an effort to **spur the sharing via email of wish-list items, pain-points and other commentary** from those in attendance.

To better manage your input, **suggestions must be submitted by email** – with a subject line beginning “RFP – [insert your topic of concern] – sent to [coeus-help@jhu.edu](mailto:coeus-help@jhu.edu), **between now and November 2<sup>nd</sup>**. This subject line will help us to differentiate RFP suggestions from the stream of general help desk questions.

Below are the links to join each webinar. Feel free to join any session(s) you wish on the date and times indicated. As the conference line vendor may have limitations to attendees, we offer the following four sessions. You do not have to have attended a session in order to contribute your commentary!

### **ORIS WEBINARS: Coeus Replacement Fora**

1. Tuesday, October 16, 9:30 am; [https://connect.johnshopkins.edu/crf10\\_16/](https://connect.johnshopkins.edu/crf10_16/)
2. Monday, October 22, 1:30 pm; [https://connect.johnshopkins.edu/crf10\\_22/](https://connect.johnshopkins.edu/crf10_22/)
3. Monday, October 29, 9:30 am; [https://connect.johnshopkins.edu/crf10\\_29/](https://connect.johnshopkins.edu/crf10_29/)
4. Tuesday, October 30, 1:30 pm; [https://connect.johnshopkins.edu/crf10\\_30/](https://connect.johnshopkins.edu/crf10_30/)

### **WEBINAR Participant Information**

- Conference Number: 1-888-651-5908

· Participant Code: 5745106

We look forward to your insights as we move forward on this project. Working together, we hope to provide the JHU Research Community the most user-friendly, efficient and streamlined system for proposal preparation, routing and submission as possible.

Regards,
