Greetings.

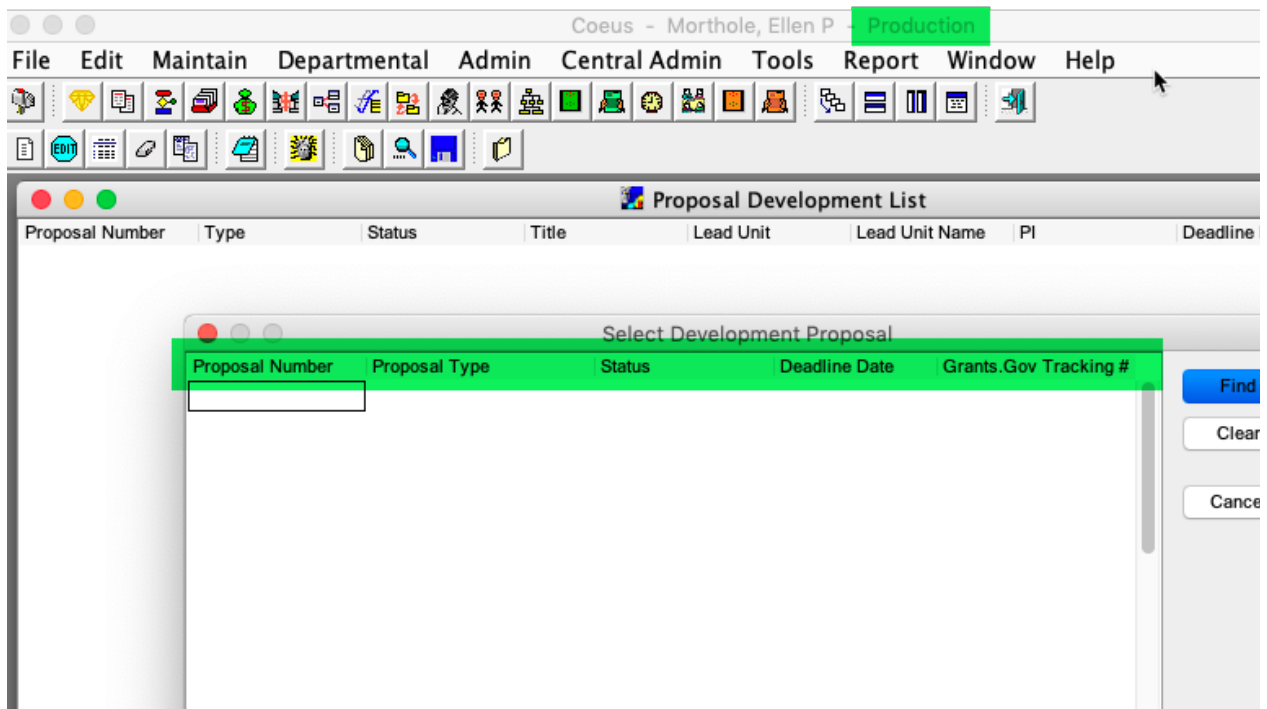

You are receiving this message as part of the Coeus list-serve.

Today, November 1st, you may notice that search order and variables in Coeus have changed. This is in response to several requests over the past months, with an aim to provide easier access to variables that are needed more often than others.

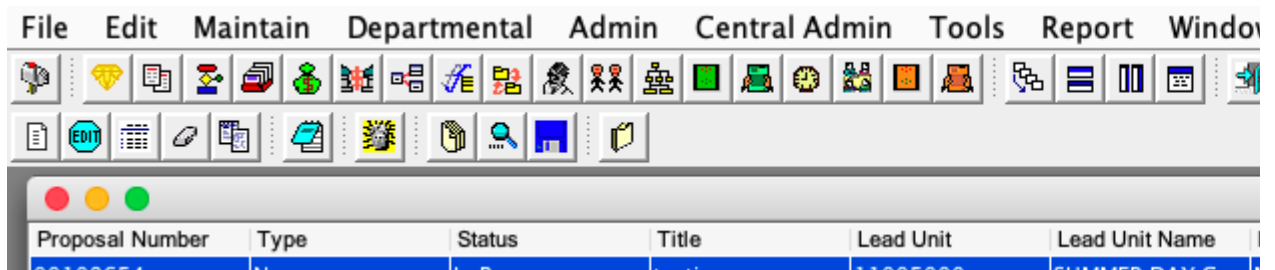

These are the variables that will show up first in the PD search window starting tomorrow:

For your reference, here's what currently is presented first:

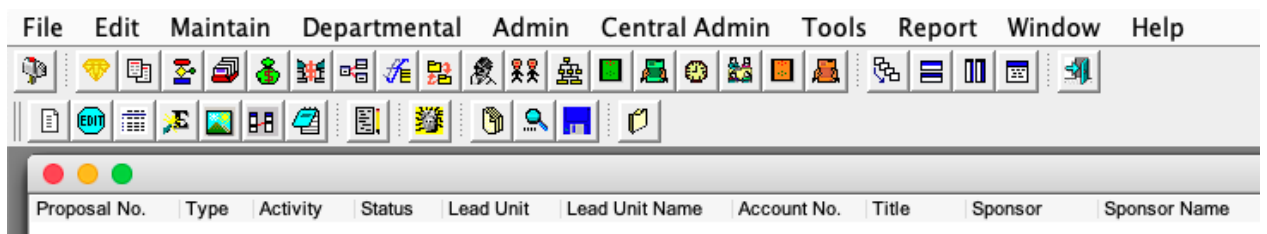

This image shows the entire array of columns in PD searches as of today:

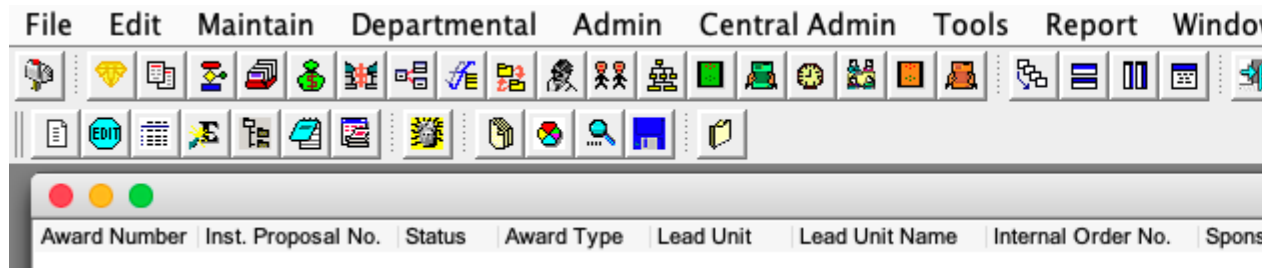

In addition, note that Prime Sponsor will now be a search field for both IP and Award records:
