

Deleting a Proposal

How do I delete a proposal?

Proposal Development records that have a status of “In Progress” may be deleted from the database.

NOTE: There is no UNDO for this function. However, if a record is deleted in error, ORIS can restore the proposal.

1. Open the proposal you want to delete.
2. Click on <Delete Proposal> in the menu on the left side of the screen.

3. Click on <OK> if you are sure you want to delete the proposal.
