**Subject:** FINAL Fibi UAT is Scheduled! Mark Your Calendars  
**Date:** Tuesday, May 30, 2023 at 2:22:42 PM Eastern Daylight Time  
**From:** ORIS  
**To:** ORIS  
**BCC:**

Greetings! You are receiving this message as part of the [Coeus](#) listserve, or because you have expressed an interest in joining the new ORIS listserve.

- This is the **last message** that will be sent to the Coeus listserve group.
- **If you wish to continue receiving messages from ORIS, please sign up for the ORIS Mailing List at our [website](#), if you haven't done so already.**

## We're ready for the final round of UAT!

User Acceptance Testing will take place from

**June 5<sup>th</sup> through the 15<sup>th</sup>.**

**This is our final round before setting a go-live date for Fibi and beginning our training program!** If you wish to participate in testing, [CLICK HERE](#) for information.

We'll provide some testing scripts, but we also want you to do your own thing. Bugs often appear when standard operating procedure is not followed – in addition to doing what you normally do in preparing PDs, routing, approving, etc., do weird things, bang on the system, see if you can get Fibi to trip up! We have an easy way to [report questions and bugs](#) from our website!

Details for UAT, a schedule of group sessions and request for load test (lots of people signing in at once) will be available at our website shortly (click on the UAT link on the homepage) and will be sent separately next week. Keep an eye on the [ORIS Calendar](#) to also see sessions as they become available.

**THANK YOU** for investing your time and effort into testing and providing the most seamless transition possible! This is a critical part of a successful launch.

Best regards,
