Greetings from ORIS.

**Fibi will be unavailable this Thursday, November 30, from 8 pm to 7am  
Friday morning, December 1.**

The first of two patches will be installed at this time, the second will follow in the next couple of weeks.

Features in this first patch include:

- PI's able to complete both certification and questionnaire(s),
- Budget date bug is resolved,
- COI and Effort training on the PD Summary now reflects the most recent date, and
- Other back-end enhancements.

Thank you for your understanding as we address some of the earliest bugs and enhancements requested by our user community.

Best regards,
