

Proposal and Service Request Types

How to Choose Proposal and Service Request Types

1.0	Proposal Type	Description
1.1	New	New proposal or funded agreement (Grant or Contract) An application submitted for funding for the first time. This also includes multiple submission attempts within the same round.
1.2	Renewal	Competitive Renewal of a grant A project for which previous years of funding have elapsed. Renewals request additional funding to continue previously awarded projects through either an announced open competition or closed competition with no guarantee of funding. Proposals of this type generally receive a new SAP Grant record.
1.3	Supplement	Supplement to a proposal or award (Grant or Contract) Supplements are proposals that request additional funding, equipment, time, etc. to expand the scope of work for a current award. NIH calls this a "Revision." Applicants should contact the awarding agency for advice on submitting applications that request additional funding.
1.4	Resubmission	Resubmission of a competitive grant application The second or third attempt at getting a project funded. The first attempt was submitted as "NEW." All subsequent attempts are resubmissions of the same application perhaps addressing concerns raised by a sponsor during their review.
1.5	Task Order	Task Order under a Master Agreement Proposal requesting funds for work or services conducted under an existing Master Agreement.
1.6	Master Agreement	Master Agreement A Master Agreement (MA) does not procure or specify a firm quantity of services except through the issuance of individual Task Orders. This proposal contains no budget amounts; its purpose is to request Research Administration create an Institute Proposal record for the entire MA, under which future Task Orders will be created & linked.

Proposal and Service Request Types

How to Choose Proposal and Service Request Types

Administrative Action, Continuation, Negotiation Only, and Revision Proposal Types have been converted to Service Requests. A Service Request does not require a full proposal development record be created and is a stream-lined process which requires only specific information be completed.

2.0	Service Request Type	Description	Previously known as	Category
2.1	No Cost Extension (NCE)	A no-cost extension (NCE) allows a grantee to extend the project period end date and budget period for the sole purpose of completing grant activities. NCE requests will not be approved for the sole purpose of using unobligated balances.	Administrative Action	Award
2.2	New Sponsor Request	If a Sponsor does not display in Fibi, then it does not exist in SAP. If this occurs, a request must be made and will be routed to Sponsored Projects Shared Services. IMPORTANT: This process can take up to 3 business days to complete.	New Sponsor Request	Service Request
2.3	Pre-award Request	A Pre-award Request is submitted to establish a grant and cost object in SAP to record costs allocable for work being performed as described in a previously submitted proposal that has not been formally awarded by the sponsor but is expected.	Pre-award Request	Institute Proposal
2.4	Progress Report/ Continuation/ Modification of a Grant or Subgrant	Sponsors often require award recipients to provide updates on the progress of the sponsored research. The Sponsor will define how often and what is required in the Progress Report(s). NIH calls these reports RPPRs. For more info: https://grants.nih.gov/grants/rppr/index.htm Continuation/Modification of a Grant or Subgrant is used by SOM only	Continuation	Award
3.0	Prior Approvals - Sponsors require Prior Approvals for different changes. Be sure to read the award and Sponsor Guidelines to know when Prior Approvals are required.
