Greetings, Fibi Users.

ORIS has been requested to make a minor change to the International Questionnaire in Fibi, currently #1056. The **change will be in place beginning this Friday, September 27th.**

The original wording:

- Q1056_Will any of the proposed project activity take place within a foreign country [e.g., will members of the project team, subrecipients or subcontractors be present in the country or interact with persons in the country from a location in another country?

The new question:

- Will any of the proposed project activity take place within a foreign country or involve a foreign sponsor? This question requires a yes answer if members of the project team, subrecipients or subcontractors will be present in the country or interact with persons in the country from a location in another country.

Regards,

The ORIS Team
