Greetings, Fibi Users.

Research Security Training must be completed prior to PD submissions for the following sponsors as of Monday, September 29, 2025. To ensure training is complete prior to submission, a **hard-stop validation** will be in effect this Monday morning. The sponsors relevant to this training are:

- **Department of Energy (DoE)**
- **National Institutes of Health (NIH)**
- **National Science Foundation (NSF)**
- **United States Department of Agriculture (USDA)**

Research Security Training is offered through MyLearning. Completed trainings appear in Fibi the day after completion.

Please make sure that your Investigators are aware of this change and have completed their required training in time. If you have any questions about this requirement, please contact your Grants Associate.

Regards,

The ORIS Team
